

Business and Management
GU Subject Rankings 2025

PREFACE

Welcome to the Business and Management segment of the GU Subject Rankings 2025. This edition is devoted to celebrating the academic institutions that nurture the next generation of business innovators and ethical leaders. Amid the challenges of globalization and digital disruption, these institutions are shaping curricula that bridge theory with real-world business practice.

At GU, our commitment to academic excellence and innovation is at the heart of every initiative we undertake. The GU Subject Rankings 2025 are the result of rigorous research, comprehensive data analysis, and invaluable contributions from academic communities around the globe. By examining a diverse array of metrics — from research output and student enrollment to international collaborations and funding patterns — we aim to provide a transparent, data-driven snapshot of the evolving landscape in higher education. This endeavor not only highlights outstanding achievements but also fosters an environment where continuous improvement and interdisciplinary exchange can thrive.

We extend our heartfelt appreciation to the educators, researchers, and institutions whose passion and dedication have enriched this project. As we navigate an era marked by rapid technological advancements and global interconnectedness, these rankings serve as a benchmark for progress and a source of inspiration for future innovations. Our hope is that this release-document not only celebrates current successes but also catalyzes new collaborations and ideas that drive excellence in every discipline, paving the way for a brighter, more inclusive future in education worldwide.

- Highlights:
 - Enrollment in business programs reached nearly 3 million students worldwide.
 - There was a 14% surge in interdisciplinary programs integrating technology and analytics.
 - Increased emphasis on sustainable and ethical business practices saw a 20% uptick in dedicated courses.
 - This edition examines the evolving trends in business education, providing a detailed analysis of institutional performance and global statistical benchmarks.
- Key Stats:
 - Approximately 2.8 million students worldwide enrolled in business-related programs.
 - Global executive education programs have seen an 11% increase in participation.
 - Digital business modules have become central to curricula, with a 25% rise in related courses.

Business and Management education is seeing significant global shifts driven by digitalization, globalization, and sustainability imperatives. The global landscape for Business and Management education during 2024–25 has been marked by robust growth and adaptation to emerging market needs. The GU Subject Rankings 2025 for Business and Management reflects the dynamic and rapidly evolving landscape of global commerce. As markets become more interconnected and organizations embrace digital transformation, this edition honors the academic institutions that are equipping future business leaders with innovative strategies and ethical management practices. We acknowledge the collaborative efforts of our contributors in bringing this resource to life.
